

# **Minisymposium on Dermcidin**

*10.12.2014, biochemistry seminar room, KIT, CS*

**10.30 Anne Ulrich (KIT)**

Welcome and introduction

**10.40 Birgit Schitteck (Tübingen)**

“Dermcidin – an update on expression and functional activities”

**11.10 Claudia Steinem (Göttingen)**

“Antimicrobial peptides: Dermcidin and assay development”

**11.40 Sebastian Prock (KIT)**

“Large-scale recombinant expression and purification of human dermcidin”

**12.00 Philipp Mühlhäuser (KIT)**

“Structural and functional studies on dermcidin-derived peptides”

**12.40 Ningning Gao (KIT)**

“Dermcidin introduced into tobacco BY-2 cells”

**13:00 Lunch at Gastdozentenhaus**

13:15 Sicherheitsbelehrung for members of IOC

**14:30 Discussion**

about dermcidin progress and cooperations

**17:30 Departure of guests**
